

HP Halo Studios

Dissolve distance and reduce travel with an affordable HP HALO solution

If you have been searching for ways to increase productivity, improve quality of life, achieve travel cost savings, with zero-maintenance management required, Halo is the solution you have been looking for and HP Financial Services makes it cost-effective and affordable.

HP Financial Services facilitates the move to a more collaborative, real-time communications environment allowing customers to acquire the solution without a huge capital outlay.

Why wait to get connected? Let HP Financial Services help you start dissolving distances and transcending time now.

Are you looking for ways to communicate with business colleagues in other cities and around the world, without traveling? If the answer is yes, then you will want to consider HP's HALO Collaboration Studio. HALO is a precisely designed broadcast solution that enables remote teams to communicate, real time, in a face-to-face environment. Flexible financing makes it affordable.

Now your employees, executives as well as teams that need to collaborate across distances, can be there more without going there more, and HP Financial Services enables you to make it a reality.

HP Financial Services is a trusted finance partner providing the flexibility to customize your payment plan to meet budget needs and our global presence makes it easy for you to do business with HP.

HP Financial Services facilitates the move to a more collaborative, real-time communications environment offering customers the following benefits:

- **Total solution financing:** Finance the entire cost of your Halo studio, including hardware, software, and services to get your Halo studio up and running, and roll it up into one monthly or quarterly payment.
- **Reserve capital for other business development areas:** Acquire the HP Halo studio now without having a major impact on your balance sheet while conserving capital for other business development areas.
- **May preserve existing credit lines:** Focus capital budgets and lines of credit on core business needs.
- **Choose flexible contract terms:** Choose the terms that

work best for you. 36-, 48- and 60-month lease plans are available.

- **Fixed payments:** Predictable payments are spread out over time.
- **Flexibility to add-on and upgrade:** As business needs change you have the flexibility to add more studios and/or upgrade existing technology.
- **Investment protection:** Avoid the risk of owning outdated equipment with flexible lease terms, refresh options, and the ability to return the solution at the end of the lease term.

Why wait to get connected

While the Halo studio brings new dimensions to real-time communications, HP Financial Services brings more possibilities within budget reach.

About Us

HP Financial Services helps customers manage to the lowest total cost of ownership – from planning and acquiring technology all the way to retiring and replacing it. We make it easy and economical for customers to deploy world-class technology on terms tailored to their unique needs. And we help customers manage the risk of dealing with obsolete or unneeded IT equipment.

As a wholly owned subsidiary of HP, Hewlett-Packard Financial Services Company is unmatched in the world, for both the capability and flexibility to deliver financial services that work the way you want to work, worldwide.
